

Selection and Pinning Tools: Pin/Unpin All Levels

Programmed Result of Tool:

This tool will allow the user to Pin or Unpin all Revit Levels in a project with a single click.

This is the automated equivalent to manually selecting all the levels in the project and choosing the Revit “Pin” or “Unpin” icon:

Steps to Perform tool Operation:

- 1) If user desires to Pin all levels, user clicks the Pin all Levels icon. Otherwise if the user desires to Unpin all Levels, user clicks on Unpin all Levels icon.
- 2) All levels in current project are Pinned or Unpinned according to which icon the user selected.

Known Limitations:

- In a workshared environment, if a user cannot take editability of all levels, this tool cannot Pin or Unpin all levels.
- Levels in linked documents cannot be pinned or unpinned by this tool
